

Ho Chi Minh City, 15<sup>th</sup> May 2018

**Data-transmission and data-processing in Vietnam:  
Implementation of the EU General Data Protection Regulation (GDPR) at DIGI-TEXX**

Dear Sir or Madam,

Since its founding in 2003, DIGI-TEXX has protected the data of employees, customers and suppliers according to highest European and German standards, and by implementing state-of-the-art IT security and technology. Specifically, strict confidentiality with respect to customer data is of paramount importance for DIGI-TEXX: To this end, DIGI-TEXX takes all necessary steps to protect customer data from unauthorized access, and ensures at all times of order processing that customer data is only processed or stored on the basis of all applicable European data protection rules. Further, all DIGI-TEXX employees are required to adhere to our internal IT and data protection policies, as well as our Internal Security Management System (ISMS). The DIGI-TEXX Data Protection Officer monitors this regularly and is also available to you as a customer for questions.

As you already know, on 25<sup>th</sup> May 2018 the so-called "EU General Data Protection Regulation" (GDPR) came into effect. We hereby want to assure you that at DIGI-TEXX, we have fully implemented the new provisions of the GDPR, and brought all internal regulations and processes into line with the GDPR. In order to give you an overview of the GDPR in comparison to the previously applicable EU Directive 95/46 /EC, we have asked our law firm Viet Diligence Legal Ltd. to summarize and explain the essential aspects of the GDPR in some more detail (see attachment). In this summary, you will also find an overview of the specific measures that DIGI-TEXX has taken to fulfill all requirements of the GDPR.

We hope that with those measures implemented, we can strengthen your confidence that our data processing in Vietnam will continue to be state-of-the-art, fully in line with all European regulations and under strictest protection of your data.

We are always at your disposal if you have any questions or concerns.

Sincerely,

  
Frank Schellenberg  
CEO / CEO  
Chairman
